DESCRIPTION

- Individual weight container for rectangular weights or other test weights, calibrated to OIML class M1
- Individual weight containers for testing high-load floor scales, pallet scales, pallet truck scales, crane scales, etc. This can also be used for storing the weights.
- This means the weight container and the weights can be placed on the balance in one go, saving you time and money
- The weight container can be calibrated to OIML accuracy classes M1 – M3
- On request, KERN will make you a “tailor-made” weight carrier to your specifications
