Baxtran **BMR**

3 VERSIONS bench platform

FOR MULTIPLE SOLUTIONS

V1 BMR

Structure in painted steel with IP65 load cell protection. It's sturdy, accurate and with a wide range of uses depending on the needs of the environment.

V2 BMR

Structure in stainless steel with IP65 load cell protection. It includes a rubber reinforcement to achieve IP68 sealing. It is ideal for demanding environments, allowing its cleaning and ensuring its reliability.

V3 BMR

Structure in stainless steel with IP68 load cell protection. It has been designed to be used in environments where there is a high humidity and where it needs to be cleaned with pressurized hot water. It is the most appropriate solution for the fishing industry as well as the meat industry.
