DESCRIPTION

- The KERN Universal Modules (KUM) enable the exchange of data and control commands between balance and network or PC, mobile end unit, printer etc. using several interfaces: RS-232, USB device, Ethernet, Bluetooth and WiFi. In this way we ensure the perfect integration of your KERN balance into production or processing chains, which gives the benefit of a simple, consistent workflow
- The KUM interface modules for RS-232, USB, Ethernet, Bluetooth and WiFi are plugged straight onto the board to suit individual choice and this means that the IP protection of the housing remains guaranteed
- The KUM-08 analogue module converts the measured weight proportionately into an analogue signal. This signal can then be used to control an analogue system, which reacts to the weight

SPECIFICATIONS

Article codes, product groups & Status information

Model article-code	KUM-08
Model-Serie	KUM
Assortment	KERN
Product Type	General weighing accessories
Product group	Accessories (printer, etc.)
Product usage type	Accessories/DL
EAN code (Model)	4045761476783
Successor Model	KUM-08-2026e
Customs tariff number	90160090
Country of Origin	CN

Technical data - Packing & Shipping

Dimensions packaging (W×D×H)	65×60×100 mm
Gross weight	0.50 kg
Net weight	0.30 kg
Shipping method	Parcel service
Packaging component - by weight - cardboard	100 g
Packaging component - by weight - styrofoam	100 g
Delivery time	1 d
